

§ 143B-135.152. Components of system; management plan; acquisition of land and easements; inclusion in national system.

That segment of the south fork of the New River extending from its confluence with Dog Creek in Ashe County downstream through Ashe and Alleghany Counties to its confluence with the north fork of the New River and the main fork of the New River in Ashe and Alleghany Counties downstream to the Virginia State line shall be a scenic river area and shall be included in the North Carolina Natural and Scenic Rivers System.

The Department shall prepare and implement a management plan for this river section. This management plan shall recognize and provide for the protection of the existing undeveloped scenic and pastoral features of the river. Furthermore, it shall specifically provide for continued use of the lands adjacent to the river for normal agricultural activities, including, but not limited to, cultivation of crops, raising of cattle, growing of trees and other practices necessary to these agricultural pursuits.

For purposes of implementing this section and the management plan, the Department may acquire lands or interests in lands, provide for protection of scenic values as described in G.S. 143B-135.160, and provide for public access. Easements obtained for the purpose of implementing this section and the management plan shall not abridge the water rights being exercised on May 26, 1975.

Should the Governor seek inclusion of this river segment in the National System of Wild and Scenic Rivers by action of the Secretary of Interior, such inclusion shall be at no cost to the federal government, as prescribed in the National Wild and Scenic Rivers Act, and therefore shall be under the terms described in this section of the North Carolina Wild and Scenic Rivers Act and in the management plan developed pursuant thereto.
